

U.S. Charges Russia Trying to Wreck UN

By WILLIAM N. OATIS

UNITED NATIONS, N.Y. (AP)

The United States says the Soviet Union appears to be threatening to wreck the United Nations unless the world organization bows to its demands for re-vamping the U.N. secretariat.

Ambassador Adlai E. Stevenson, chief U.S. delegate to the United Nations, made the accusation in replying Friday to Soviet Deputy Foreign Minister Valerian A. Zorin's contention that "if the path of nonagreed decisions is taken, this will cause the organization to collapse."

Stevenson, commenting on the statements made by Zorin at a news conference, said, "I wish Mr. Zorin would not threaten the United Nations with disaster if he does not have his own way."

The U.S. delegate declared that in negotiations to find a temporary successor to the late Dag Hammarskjöld as U.N. secretary-general, the United States would "resist the concept of the troika or the ideological division of the world into three blocs."

Zorin complained in his 2½-hour talks with newsmen that the U.N. secretariat has been taken over by one-man rule. He mentioned no names but made it clear that his reference was aimed at Hammarskjöld's American deputy, Andrew W. Cordier. "The man is acting by right of seizure of power without asking anybody," Zorin said. "He runs the secretariat not in the interest of the organization as a whole and by no means in a neutral fashion."

A secretariat spokesman denied that any of the U.N. high-commissioners' 29 undersecretaries had assumed any added authority.

Cordier, a veteran of U.N. service, declined to comment.

Dangerous Drug Wipes Out Cancer

CHICAGO (AP) — Injections of a dangerous drug and its protective antidote apparently have wiped out tumors in eight patients with localized cancers diagnosed in a medical research center here.

Dr. Robert D. Sullivan of New York said Thursday the technique was used on 52 patients with incurable head or neck cancers.

Eight of the patients still are apparently free of their tumors 20 months after treatment, Sullivan told the American Academy of Ophthalmology and Otolaryngology.

In other patients, there was some partial regression of tumors, lasting from one to three months, Sullivan said. He said even when the tumors were widespread there was some clinical benefit.

The most promising results were obtained when the cancer tumors were localized in one small area, Sullivan added.

The technique used by Sullivan is known as continuous infusion therapy. Heavy doses of a powerful anti-cancer chemical — methotrexate — are fed directly into the blood stream nourishing the cancerous area. The drug's antidote, called citrovorum factor, is injected at the same time to protect the uninfected parts of the body.

Methotrexate is an antimetabolite. It upsets the metabolism of growing cells and can kill them. The antidote is necessary to weaken the drug's undesirable action against healthy cells. The antidote does counteract slightly the drug's heavy concentration at the cancer site.

Dierks Named by Research Group

JACKSON, Miss. (AP)—Devere Dierks of Hot Springs, Ark., was elected chairman of the Mid-South Section of the Forest Products Research Society Thursday.

Other officers elected to represent Arkansas, Louisiana, Mississippi, Oklahoma, Tennessee and Texas were:

Dr. Warren Thompson of Louisiana State University's School of Forestry, vice chairman; and George Rosenbretter of Crossett, Ark., secretary-treasurer.

New members of the board of trustees include Art Syska of Crossett, Ark.

Weather

Arkansas — Clear to partly cloudy today and tomorrow.

GETTING "SOMEWHERE" FAST—Leukemia Society volunteers—150,000 strong—are again marching for funds. They receive moral support from New York disc jockey Mort Fega, who pumps a stationary bicycle "6,000 miles" in Times Square. Young girl mopping his brow is Reena Sigman, Leukemia Society poster girl.

Donald Hall to Address Local GOPs

Donald Hall, Executive Secretary for the two party system, and Miss Marion Smith, Republican Women's chairman, will be in Hope at the City Hall Monday, Oct. 16, at 7:30 p. m. to address local citizens who want to be a part of the two party system now being established in the state.

Hempstead County Republican Chairman, Haskell Jones, extends an invitation to all political conservatives to attend and hear what these two people have to say about the conservative movement in Arkansas.

This will be the next to last meeting in this series. The meeting next week has been cancelled due to the nurse's convention that will require most of Hope's meeting facilities. Plans are being formulated to have Winthrop Rockefeller speak to the last meeting at a date to be announced later.

Bear Killed in New Jersey Town

NEWTON, N.J. (AP)—Hunters tracked down and killed a black bear today that had ambled into the downtown area of this community of 6,000 persons in North Jersey.

The bear, shot twice Thursday night, was found near a wooded tract in a residential district by a party of seven searchers.

The bear, weighing an estimated 300 pounds, was first sighted by residents at 9:30 Thursday night. Police Sgt. Ralph Carey was sent to investigate.

While he was searching the neighborhood, the bear hopped down the street in front of police headquarters.

Carey was called back and he trailed the bear to the main shopping street.

Carey said he shot the animal once.

The injured bear raced to a wooden utility pole, which he climbed to a height of about 20 feet. Carey fired again and the animal fell.

Before Carey could shoot again, the bear was off and running.

\$89,756 Suit Is Settled

LITTLE ROCK (AP)—A lawsuit for \$89,756 of Rep. and Mrs. Ben O. Bynum of Chicot County as the result of a February, 1961 automobile accident near Little Rock has been settled for an undisclosed sum.

The suit was dismissed by Judge J. Smith Henely in Federal District Court at the request of both sides.

The Bynums had sued Mrs. Bruce J. Birkmire of Bogalusa, La., as administratrix of the estate of her husband. Birkmire was killed in the accident, and the Bynums were injured.

Will Extradite

LITTLE ROCK (AP)—Clarence Sullivan, 24, of Peru, Ind., will be extradited to Indiana for parole violation. Arnold B. Sikes, acting for Gov. Orval E. Faubus, who was at his Huntsville home, ordered the extradition Thursday. Sikes said Sullivan admitted leaving Indiana without permission while on parole.

Dutch to Act Against Red Ambassador

By NEL SLIS

THE HAGUE, Netherlands (AP)—The Dutch government is taking as yet undisclosed steps against Soviet Ambassador Panteleimon K. Ponomarenko for his part in an airport free-for-all with Dutch police.

A Dutch note to the Soviet Embassy Thursday ordered two other Soviet Embassy officials to leave the country by Saturday. It charged that both had a hand in the fist fight that erupted at the Amsterdam Airport Monday during an argument over the return to Moscow of the wife of defecting Soviet scientist Alexei Golub.

Ponomarenko left for Moscow Thursday and told newsmen he would lay his case before his superiors there. The Dutch said he "not only made no attempt to stop the fight, but actually participated in it."

In the fracas a button was torn from Ponomarenko's coat.

The Dutch note said the government planned to pursue its complaints against the ambassador with Soviet authorities. A spokesman declined to spell out the steps the government might take. He reported earlier, however, that the cabinet might demand Ponomarenko's expulsion.

The Soviet commercial attaché, S. W. Chibaev and press attaché A. D. Popov were expelled. The Dutch accused Chibaev of being the first to use force at the airport and said Popov manhandled Dutch police. The Dutch also took exception to Popov's statement at a news conference that Dutch officials had kidnapped Golub.

Golub told newsmen he had decided to seek asylum in the West because he was denied scientific freedom in the Soviet Union. The scientist, a bio-chemist, and his wife were visiting the Netherlands with a party of Soviet tourists.

Fists flew after airport police—fearful that Mrs. Golub was being returned to Moscow against her will—temporarily withheld her passport in the face of heated protests from Ponomarenko and other Soviet officials present.

Later Golub was brought to the airport and confronted his wife. Dutch authorities said they were convinced that Mrs. Golub, apparently concerned about her parents in the Soviet Union, was returning on her own initiative and allowed her to board the plane.

Democrat Newsmen Are Acquitted

LITTLE ROCK (AP)—Three Arkansas Democrat newsmen and Little Rock Attorney Kenneth Coffelt were cleared of contempt of court charges today by Circuit Judge William J. Kirby.

The citations were issued by Kirby after the Democrat published statements by Coffelt concerning alleged gambling in Pulaski and Garland counties.

The newsmen, Gene Herrington, managing editor, Marcus George, city editor, and Bob Trout, a reporter, said through their attorney they had no intent to reflect on Kirby or his court in publishing the articles.

Coffelt's citation was dismissed after he testified he was not quoted precisely.

The Democrat later said that Coffelt had never brought this to the newspaper's attention. Following his dismissal, Coffelt and Kirby shook hands.

Jet Sales to Slavs Brings Criticism

By HARRY KELLY

WASHINGTON (AP)—The U.S. sale of 135 Sabre Jet fighters to Communist Yugoslavia has run into quick and sharp criticism from some members of Congress.

Two senators urged the deal be canceled and Rep. Otto Passman, D-La., said the transaction "bordered on treason."

The sale—a package deal in which eight Yugoslav air force men are being trained at Perrin Air Force Base, Texas—was disclosed Friday by the State Department.

The reason for the transaction, said the State Department, was to help Yugoslavia stay free of Soviet domination.

The sale of the U.S. surplus all-weather F86D interceptor planes is by far the largest U.S. arms transaction with Belgrade since Yugoslavia's President Tito halted American arms aid to his country in 1957.

The State Department said Yugoslavia paid cash—not credit—for the planes and the training. It was a business transaction that did not involve foreign aid, the department said.

But in Monroe, La., Passman termed the transaction "as phony as a \$3 bill," and he added, "if there was a sale at all, which I doubt, the planes cost the Yugoslav government only a small fraction of the planes' cost and the Communist government used money given to them by this country to pay for the aircraft. It borders on treason and makes me sick to see our country do something like this."

Sen. John Tower, R-Tex., said in Louisville, Ky., that the Yugoslav airmen should be shipped home and a total embargo placed on aid to Yugoslavia. He said there has never been any doubt in his mind that Tito was in league with the Soviet Union to further world socialism.

In Seattle, Wash., Sen. Henry M. Jackson, D-Wash., said the Kennedy administration should consider canceling the arrangement because of views expressed by Tito in the recent meeting of neutrals in Belgrade. However, officials said they believed the sale, delivery and payment have been completed.

Officials said the package deal was costing Yugoslavia \$1.6 million. Each plane is being sold for \$10,000, they said. The Sabre Jets, declared surplus last year, originally cost \$343,000 apiece.

State Department press officer Lincoln White said the decision to send the aircraft to Yugoslavia was taken in mid-January, shortly before President Kennedy succeeded Dwight D. Eisenhower in the White House. Government sources said the Kennedy administration could have stopped delivery, which took place in ensuing months, but instead stood by the Eisenhower administration's reasons for approving the deal.

Urges U.S. to Buy Turkeys

LITTLE ROCK (AP)—The Arkansas Farm Bureau Federation is asking the state's congressional delegation to urge the U. S. Department of Agriculture to buy turkeys from the current bumper crop.

Executive Vice President Waldo Frasier, who sent letters to the senators and representatives, said government purchases would help firm up turkey prices and should be made while the birds are still in farmers' hands so the producers may benefit.

Frasier said money is available for buying up to 50 million pounds of turkey under an "escape clause" of the tariff act. This authorizes use of tariff money collected on imported products for buying United States-produced goods to relieve economic stress.

This Burglar Had Bad Luck

JACKSONVILLE, Fla. (AP)—A burglar had some bad luck after he broke into a motel room and stole the pants of two men while they were sleeping.

The wallet fell out of one pair of pants and the burglar didn't get it. Police said it contained \$1,400 while the wallet the burglar did get contained \$5.

Department Store Sales Increase

ST. LOUIS (AP) — A general increase in department store sales in the 8th Federal Reserve District was reported in the month ending Oct. 7 with only Little Rock reporting a loss.

Sales in the Little Rock area fell about 10 per cent from the level recorded in the corresponding period last year. At the same time Louisville registered a nine per cent increase and St. Louis a three per cent jump. Memphis sales remained at the same level as last year.

Other cities in the district registered an overall increase of 10 per cent for the four weeks.

Explosion, Fire Scars Miamians

By JOE MCGOWAN JR.

MIAMI, Fla. (AP) — Explosions and fire at a gas storage plant drove householders, some in night clothing, from the area early today.

They were returning, after the blaze was put out, when officials ordered re-evacuation of a two-block area near the Southeastern Natural Gas Corp. at N.W. 29th Ave. and 25th St.

County fire headquarters said gas was still leaking from two 30,000-gallon tanks and remained an explosion hazard. A spokesman said the re-evacuation was ordered to permit transfer of the gas to other facilities. The transfer was expected to take two hours.

The 30-by-50-foot storage tanks grew warm during the blaze but firemen prevented them from igniting.

Arkansan Is Charged With Murder

FRANKFORT, Ky. (AP) — An Arkansas man has been arrested and charged with murder in the fatal shooting of an elderly man whose stripped body was found near Springfield, Ky., several weeks ago.

Capt. Charles Young of the Kentucky State Police said today the accused man is William Earl White, about 30, who gave addresses of both Earle and Tyrone, Ark.

White is being held without bond for the Washington County Grand Jury, Young said.

The victim was Jasper Brewer, 72, formerly of Florence, Ala. He had recently married and was living at Mishawaka, Ind.

Young disclosed White was arrested a week ago near Portageville, Mo., and was returned to Kentucky.

He said White denied the killing although acknowledging he was in the Springfield-Perryville area sometime around Sept. 23.

On that day, Young added, a 1954 car with Arkansas license plates was seen just before dark.

Young said a service station attendant related that the driver had blood on his hands and clothes and possessed up to \$800 in cash.

Another service station employee reported the man asked for a map and directions for reaching West Memphis, Ark.

Brewer's body was found two days later. The death weapon was a .22 caliber, Young said, but has not been found.

He said Brewer's widow recalled that White had been visiting relatives at Mishawaka and had become friendly with Brewer. Both men left town Sept. 23, the widow told police.

Young said it was learned White had picked up his family in Arkansas Sept. 24 and left the state. The whereabouts of the family was not known.

Charges American Runs UN Group

UNITED NATIONS, N.Y. (AP) — Soviet Deputy Foreign Minister Valerian A. Zorin charged today that one man—apparently meaning American Andrew W. Cordier—had seized power over the U.N. secretariat and was running it in a one-sided way.

At a news conference, he declared this lent urgency to the need for big-power agreement on an acting secretary-general to replace the late Dag Hammarskjöld. He said it Hammarskjöld's successors were named without such agreement, "this will cause the organization to collapse."

ANTARCTICA-BOUND—Like a huge fish preparing to swallow a dragonfly, an Air Force C-124 cargo plane opens its wide doors to take aboard an HU-1B Iroquois helicopter at Carswell AFB, Tex. The plane then took off for Christchurch, New Zealand, staging area for Operation Deepfreeze in the Antarctic. From October to February, two turbine-powered Iroquois helicopters will be used in survey work in the frozen continent.

The United Way Means One Big Annual Contribution to Cover Gifts for Year

By MARY ANITA LASETER

The United Fund has been described as "putting all your eggs in one basket," but it is more than that. The United Fund is a single, joint appeal for yearly gifts covering the greater part of the needs of privately supported welfare activities in our city.

This year the metropolis of Dallas combined 61 agencies into a United Fund Drive and the campaign chairman explained it this way, "The United Fund way costs as much to raised one dollar for a single agency as it does the sensible way because it for 61."

If that is true in a city like Dallas, why wouldn't the same be true in a community like Hope? Several of our citizens were asked why they were in favor of a United Fund. Some of their answers are listed.

MRS. TALBOT FIELD, JR.: "I believe that by sincerely working and supporting this drive one can be of service to a greater number of people in our community through this concentrated effort, as so many different groups receive assistance from the contributions made to the United Fund."

CLIFFORD FRANKS: "The cost of the drive itself is small compared to the expense incurred by making numerous individual efforts to raise money for various causes. All these are worthwhile, but by combining fund-raising efforts and personnel in a single drive, more money contributed does for what it is intended—to help those in need."

DR. F. C. CROW: "Few individuals can give enough in cash at one time to meet the needs of the many United Fund affiliates and services. For that reason people are given an opportunity to subscribe through a payroll deduction system called the United Fund Chapter Plan. Several businesses and industries in Hope such as Tel-e-tex and Wire Products have adopted this plan to the satisfaction of their employees."

MRS. HOWARD PRICHARD: "The United Fund brings a big reduction in campaign expenses and in duplication of efforts involved by the same volunteer workers functioning on several fund drives."

B. N. HOLT: "In answer to many who have asked about money allotted to some agencies that was not accepted by them, we put that money in the bank, properly designated. As the need on the local level arises, it is used. During this past year money was needed badly for a certain case, and the disease involved was one whose organization had not accepted United Fund money from Hope. Nevertheless, it was used here for much needed medicine and treatment, the reason it had been given in the first place."

MRS. GEORGE WRIGHT: "Full co-operation is needed to make the volunteer contribution of the United Fund a success. In planning a family budget, the United Fund may be included and then paid in any way preferred. Be proud to say I GAVE THE UNITED WAY."

When Mrs. McFay arrived, the youth told her to drive to a Denver shopping center and buy ammunition for the weapons.

She returned from her mission, and the two women and the boy drove off in Mrs. McFay's car.

Russell halted the car in a rural area, allowed the women to drive away, and headed toward an abandoned farmhouse.

The women called officers. As the officers closed in on the abandoned house, Sgt. Halligan spotted the youth at a nearby home and pointed a flashlight at him. The youth fired several shots, one of them hitting the sergeant.

Officers then surrounded this home. The boy's mother arrived and, crying, called to her son: "Johnny, Johnny, don't you know what you've done?"

A few minutes later, the boy stood up and called out to the approaching officers: "Don't shoot! I give up!"

The youth was jailed without charge.

French Seize Transmitter

ALGIERS (AP) — French officials say they have seized the clandestine radio transmitter operated by underground forces battling the Algerian policy of President Charles De Gaulle, only 50 yards from the air force's Algiers headquarters.

Gun Happy Boy Gives Up to Police

ENGLEWOOD, Colo. (AP)—Surrounded and with his hysterical mother appealing to him, a 15-year-old gun-happy boy surrendered to a posse Thursday night after shooting one officer in the wrist.

Stocky young John D. Russell emerged from beside a farmhouse into the glare of spotlights and dropped two guns he carried.

The scene in rural eastern Arapahoe County, southeast of Denver, climaxed an afternoon of violence which began when the high school freshman abducted two neighbor women, one of them an expectant mother. Both later were freed unharmed.

Sheriff's Sgt. Chester Halligan, 44, was shot in the left wrist by a bullet from young Russell's .30-caliber pistol.

Russell, a 5-8, 170-pounder, is a gun enthusiast and worked last summer as a fast-food gunsmithing at an amusement center. He is the son of Mr. and Mrs. Clinton W. Russell.

Sheriff's investigator Bill Marragosa gave this account of the incident:

Young Russell entered the home of Mrs. Sarchet, who is pregnant, pointed a .38 revolver at her and ordered her to give him her husband's .22 pistol and 16-gauge shotgun. Then he forced her to call another neighbor, Violet McFay.

When Mrs. McFay arrived, the youth told her to drive to a Denver shopping center and buy ammunition for the weapons.

She returned from her mission, and the two women and the boy drove off in Mrs. McFay's car.

Russell halted the car in a rural area, allowed the women to drive away, and headed toward an abandoned farmhouse.

The women called officers. As the officers closed in on the abandoned house, Sgt. Halligan spotted the youth at a nearby home and pointed a flashlight at him. The youth fired several shots, one of them hitting the sergeant.

Officers then surrounded this home. The boy's mother arrived and, crying, called to her son: "Johnny, Johnny, don't you know what you've done?"

A few minutes later, the boy stood up and called out to the approaching officers: "Don't shoot! I give up!"

The youth was jailed without charge.

Swimmers Rapist

BUDAPEST (AP) — Three of Communist Hungary's best international swimmers have been sentenced to prison for rape.

The newspaper Magyar Nemzet reported today that Laszlo Kiss and Lajos Varszegi, the country's two outstanding butterfly swimmers, were sentenced to five and four years respectively. Laszlo Lantos, a member of Hungary's final 500 meter relay team at the 1960 Olympics, was given four years.

Sen. McClellan Wants to Curb Hoffa's Power

By G. MILTON KELLY

WASHINGTON (AP) — Sen. John L. McClellan, D-Ark., said today alliances linking allegedly Communist-dominated labor unions and James R. Hoffa's Teamsters could wield "lethal and monopolistic power."

He called for enactment of legislation to curb them.

Hoffa testified Friday he was strengthening his "mutual assistance" pact with Harry Bridges' West Coast longshoremen's union and also has an alliance with the Mine, Mill and Smelter Workers Union.

Bridges' union and the mine worker's union were expelled from the CIO in 1950 on charges of following Communist policies.

In questioning Hoffa, the Senate Internal Security subcommittee labeled both unions as Communist dominated.

"I don't know whether they are Communist-dominated or not," Hoffa said of the two unions. "There will be no pact between the Teamsters Union and any organization so convicted."

Hoffa said the pacts with the two unions were aimed solely at "labor solidarity" and had no political or ideological implications.

At the outset of the hearing Hoffa declared that he welcomed a chance to testify under oath that "Hoffa was not a Communist, has not associated with Communists, is not a Communist and never intends to be."

Four officials of the mine worker's union followed Hoffa to the witness stand.

One, a Bernard W. Stern, research director, swore he was not a Communist and wasn't one a year ago or two years ago. However, he refused to say whether he was a member of the Communist party three years ago or in 1945, when he got his union job. Stern invoked the 5th Amendment.

Protected against being compelled to give testimony "that might be self-incriminating," the three other officials called to the stand were Irving Dichter, secretary-treasurer; Harold Sanderson, comptroller, and Albert C. Skinner, western vice president. They have been convicted of conspiracy to defraud the government by filing false non-Communist affidavits.

Nathan Wit, their lawyer, objected that if the subcommittee questioned them about communism it might prejudice their cases in event of a retrial. McClellan tentatively upheld the objection, but ordered all four back for another hearing Nov. 6. Dichter and Sanderson gave some testimony, but Skinner was on the stand only long enough to agree to return in November.

Ex-Cuba Consul Was Anti Castro

PARIS (AP) — Cuba's former consul general in Paris said today he worked for the anti-Castro movement for many youths while continuing in his official position.

Eduardo Mayea-Aroca sailed Thursday for the United States after resigning. He had been a career diplomat for 27 years and consul general for three.

The Cuban Embassy announced Thursday night that Mayea-Aroca had been dishonorably dismissed because of "disloyal contacts with the United States Embassy."

If a signed statement received in newspaper offices today by mail,

SOCIETY

Phone 7-3431 Between 8 A. M. and 4 P. M.

Monday, Oct. 16

Circle 5 of the WSCS of First Methodist Church will meet Monday, Oct. 16 at 7:30 in the home of Mrs. Kinard Young with Mrs. Wade Benefield co-hostess.

The Wesleyan Service Guild No. 2 will meet at 7:30 p.m. Monday, Oct. 16 in the home of Miss Troy Hammons with Mrs. Robert O. Neal as co-hostess. The first session of the study, "The Meaning of Suffering," will be conducted by Mrs. R. B. Moore.

The Wesleyan Service Guild No. 1 of the First Methodist Church will meet Monday night, Oct. 16 at 7 in the home of Mrs. Roy Stephenson. This will be the first session of the mission study on "Latin America."

Electric Car Is Resurrected

KALAMAZOO, Mich. (AP)—The long-dead electric car is being resurrected.
Stuart Motors Inc. announced Thursday it planned to market an electric passenger car.
Barry H. Stuart, president of the new firm, said the car would be called the Stuart and would have a plastic (fiberglass) body. Stuart said the car would be nine feet seven inches long, five feet four inches wide and would carry two adults and two or three children plus cargo.
He said the car, for which the prices were not announced, would be available after Jan. 1.

Latest Offer Has No End to Berlin Crisis

By JOHN M. HIGHTOWER
WASHINGTON (AP)—U.S. officials said today Premier Khrushchev's latest package proposal for a German settlement failed to advance the prospects of East-West agreement to end the Berlin crisis.
They also found nothing encouraging in the Soviet leader's declaration of readiness to attend a summit meeting to achieve a peaceful solution of the crisis. A summit conference, U.S. leaders say, should come only as the end result of lower-level negotiations which would assure success at the summit.

Moscow Radio reported Thursday night that Khrushchev had written two letters on current East-West tensions, one to a group of labor members of the British Parliament, the other to the chairman of the Japanese Council Against Nuclear Tests.
In both he asserted the willingness of the Soviet government to enter into negotiations with the Western powers. In the letter to Chairman Kaoru Yasui of the Japanese council, he declared his personal readiness to meet Western leaders "in order to find a way out of the present difficult situation."

Some of the points of his proposed Berlin-German settlement may be negotiable from the Western point of view. However, all are believed to have been covered in recent talks by President Kennedy and Secretary of State Dean Rusk with Soviet Foreign Minister Andrei A. Gromyko, and Kennedy summarized those talks this week by saying that they had failed to provide a basis for negotiations.

It does appear that at present the Western policy position in responding to the Soviet Union on specific issues is severely handicapped by lack of agreement among the United States, Britain, France and West Germany. They are divided over what, if any, concessions they can make to Moscow if Khrushchev will modify his basic demand for a change in the status of West Berlin.

Khrushchev based his package proposal on the proposition that only a German peace treaty—by which he means a treaty signed separately with East and West Germany—"can remove the danger of a new war."

U.S. officials say that there is nothing the Western powers can do to prevent Khrushchev from signing a separate peace treaty with East Germany. But they have no intention of participating in a pact which would formalize

Traicoff, and Mrs. Ercelle Claywell, all of Marianna.

Mrs. Mattie Tomlin has spent the past few days with Mr. and Mrs. Ben Arnold.

Army Holding Back Better Soviet Life

By WILLIAM L. RYAN
Associated Press News Analyst
The bulky shadow of the Soviet military will hover about the 22nd Soviet Communist congress next week as it takes up a draft economic program advertised as heralding an abundant life for Soviet people within 20 years.

There are signs that the military has placed roadblocks in the path of the program, which the Communists call a "charter for humanity" and a prospective "fatal blow" to the Western way of life.

Nikita Khrushchev, the premier and party chief, himself a man with a long record as a political rather than a career general, has put up an extremely tough front for the past year.

Only recently, according to reliable sources, Khrushchev let the West know indirectly that he espoused vast military power and the use of that power for the aggrandizement of his own nation. Power, he is reported to have said bluntly, exists to be used and he would feel himself derelict if he did not use it.

Some of his remarks in private to visiting envoys are said to have been half-raising. He is reported to have said, for example, that the United States has been accustomed to an urban and industrial civilization for many years while the U.S.S.R. has been out of its agrarian economy only for 40. Therefore, he is represented as saying, "the Russians have far less to fear from the threat of nuclear war than the Americans, who would have a much more difficult time readjusting themselves to a more primitive way of life after the holocaust."

That sounds more like belligerent Red Chinese talk than the way Khrushchev himself appeared to feel not long ago. It all leads to suspicion that Khrushchev himself is on a tightrope and that the Berlin war scare was a necessary one for him, dictated by urgent needs to release pressures from the career military and the Stalinists.

Only a year ago this summer, when I was in Moscow, the Khrushchev plan to demobilize 250,000 officers and hundreds of thousands of men from a top-heavy conventional armed force was being heavily propagated. The manpower and investment instead were to go into grandiose programs for opening new lands, building villages and towns, developing vast undeveloped areas of the U.S.S.R.

Indications are that the officers didn't buy it. When the war scare was generated by Moscow through the Berlin crisis, the excuse existed for revoking demobilization orders, for beefing up conventional forces all over again, for carrying out a long series of nuclear weapons tests.

Skies Closed Saturday to Civil Planes

By VERN HAUGLAND
WASHINGTON (AP)—Mock aerospace war on a vast scale will rage Saturday through North American skies.

Unprecedented in the variety and volume of modern weapons involved, the make-believe conflict will ground non-military aircraft for 12 hours.

From noon to midnight Eastern Standard Time, no airliner or private plane may operate above the U.S. or Canadian mainland or over Alaska.

Streams of B-52 and B-47 jet bombers will hurl themselves at prime U.S. and Canadian targets. They will fire no weapons, drop no bombs. But they'll test to the limit the resources of NORAD, the North American Air Defense Command.

From headquarters at Colorado Springs, the NORAD commander, Gen. Laurence S. Kuter, will direct the interceptor aircraft, the anti-aircraft missile stations and the supporting installations that have been woven into the continental defensive network.

Gen. Curtis E. LeMay, Air Force chief of staff, planned to keep a critical eye on activities from his command post in the Pentagon.

Air Force Secretary Eugene Zuckert and N.E. Halaby, administrator of the Federal Aviation Agency, arranged to observe the operation from the northeastern regional headquarters of the Air Defense Command at Hancock Field, Syracuse, N.Y.

Halaby has put out an order banning flying by non-participating civil aircraft during the 12-hour exercise period.

This was necessary for safety reasons, he said. "Enemy" jamming tactics may put out of commission many of the radio navigation aids upon which civil aviation depends.

Some 250,000 members of the

Machine Had Own Burglar Alarm

FORT LAUDERDALE, Fla. (AP)—Two men grabbed a cigarette machine in a grocery store, threw it in the back seat of their car and sped off.
The stolen machine blocked their rear vision, but the wail of a siren convinced them that police were in hot pursuit. Traveling even faster, the driver finally lost control and went off the road.
The two got out and looked around, but there were no police. A burglar alarm siren in the cigarette machine had been set off by the jolting ride.

Police, notified of an accident, arrived and arrested Joe Willie Perkins, 23, and Elijah Nelson, 29.

General to Decide Need for U.S. Aid

By JOHN GRIFFIN

SAIGON, South Viet Nam (AP)—Gen. Maxwell D. Taylor will hear a mixture of opinions in South Viet Nam about the need—or advisability—for sending U.S. troops to help crush the Communist threat.

President Kennedy's announcement that he is sending his personal military adviser to make an on-the-spot survey brought the first open mention in Saigon newspapers of the possibility of using American troops.

President Ngo Dinh Diem's government was silent, however, on the reports it had previously censored from the papers.

The South Vietnamese obviously would like to win their own war with the Viet Cong rebels supplied and reinforced by North Viet Nam. Some officials fear the propaganda capital the Communists would make out of American troop intervention.

But there is a feeling, too, that direct American help on the battle field may eventually be needed.

U.S. officials and military men here generally take a more optimistic view of the over-all situation than the concern shown in reports from Washington. They consider the situation serious but not critical—and certainly not grave enough to justify sending American forces.

These Americans do not generally feel that the situation has deteriorated in the past few weeks to the extent some Vietnamese have indicated.

Taylor's visit also comes in a period of disagreement between the Diem government and the United States over some important new military and economic development programs.

This reportedly has delayed the announcement and action on some key provisions of the so-called Staley report—the joint U. S.-Vietnamese crash program designed to break the back of the Communist campaign in 18 months with combined military and social welfare project.

Some Western diplomatic sources—and a number of Asians—have doubts about the ability of President Diem's government to win support of the people in the countryside. These sources feel U. S. officials, in their desire to support the Diem regime, fail to give enough weight to its weaknesses.

Adm. Harry Felt, U. S. military commander in the Pacific, was told by U. S. officials—and presumably Vietnamese—during a recent visit that the Viet Cong had the support probably of 25 per cent of the population. But some observers rate the Red strength at closer to 75 per cent in some areas.

President Diem reportedly told Vice President Lyndon B. Johnson last May that he did not want American troops, but there is considerable expectation that he will make a request as soon as American officials think it is necessary.

Murphy to Take Over Amurex

EL DORADO, Ark. (AP)—Stockholders of the Amurex and Murphy-Canada oil companies vote Dec. 11 on a proposed merger into a firm that would be known as Murphy Oil Co., Ltd.

Directors of the companies approved the proposal Thursday.

Combined assets of the firms would be \$16 million, with no long-term debts, officials said.

Holders of Class A Amurex stock would receive Murphy-Canada stock on a share-for-share basis.

Murphy Corp. of El Dorado, a majority stockholder in Amurex and holder of 100 per cent of the Murphy-Canada stock, indicated it favored the proposal.

Charles H. Murphy Jr., president of Murphy Corp., said the proposal is designed to consolidate all the company's Canadian holdings into a Canadian corporation.

U.S. Air Force, Army and Navy and of Canada's air force will take part. Operations will range over an area of about 14 million square miles.

DOROTHY DIX

TWO-TIMING HUSBAND PUTS FAMILY ON WARPATH

By HELEN WORDEN ERSKINE
Dear Helen? I will have been married to this so-called man 40 years come next February. We have one son and three daughters, all outstanding figures in their communities. Our eight grandchildren are bright, well-mannered and lovable.

What more could my husband ask for? I ask myself that question when I see the stupid mess he's making of his life.

Looking back, I wonder what I ever saw in him. Friends tell me I was a beautiful, out-going, warm-hearted girl. Responsibilities came early; my mother, then my step-mother died while still in my teens. At 16, I had to run our big, white-pillared country home and rear my young brother. There were many suitors. My first love, a wonderful boy, survived the war—only to die of the flu. The man I now call husband caught me on the rebound. Within a week after our marriage I knew him for what he was—a phony where women were concerned.

But being an old-fashioned girl and having promised to love, honor and obey him, I kept my word. And, when compassion dictated, befriended his cast-off lady loves. My children say I was a wonderful mother. There is nothing they won't do for me today. It was they who discovered their father in the arms of his present conquest. I don't like divorcees, so forgave him. The woman in the case went West. Now he is in the hospital suffering from a heart ailment. The other day I took him his mail. One of the letters was from that woman. I have stood so much, how can I do any more?—Heart sick Wife.

Dear Heart sick Wife: I am tempted to say that your first mistake was in ever tolerating this man. Yet, out of evil has come good. There are your children! Be thankful you have them. Do they feel that you should divorce their father? Certainly a leopard can't change his spots and I doubt if after all these years your husband will ever reform. But he is old and has heart trouble and—you've lived with him 40 years! Take all this into consideration. Then, if you still feel as you did when you wrote this letter, act!

Dear Helen: The yelling that goes on in our house is driving my brother and me crazy. He's 20 and I'm 13. We jump at sight of our shadows. Nothing ever satisfies Mama. No matter what we or Papa do, it's wrong; at breakfast, at dinner and in between, if we're home, it's yell, yell, yell! Papa's hands shake so, he can't pour a glass of water without spilling it. He stands just so much then yells back. We have to yell to make ourselves heard. It's bedlam. What can we do?—J.

Dear J.: Ask your father to send your mother to a nerve specialist. Anyone who acts as she does must be a sick woman. Get her into a sanatorium before she destroys her family as well as herself.

Dear Helen: No matter what their parents' worries, their children should not be made to suffer for them. I am one who learned this too late. Aggravated beyond endurance by a problem of my own making, I took it out on my children. Instead of being their friend I acted as if I was their enemy; scolding, whispering and shouting at them on little or no provocation.

I have repented these 30 years yet find no peace. My children discarded me—even down to my great-grandchildren! I can see none of them. The first of life is made for the last. What we sew we reap!—Repentant.

Dear Repentant: I have purposely used your letter for the one above, hoping that the mother who is reducing her family to nervous wrecks, will take notice. It does seem, after all these years, that at least your children should have some compassion for you—especially since you regret past failures.

Dear Helen: If you think we girls shouldn't wear shorts and pedal pushers, what do you want us to wear when we go in swimming?—Curious.

Dear Curious: Bikinis, if you've

Would Repeat the Minimum Wage

ATLANTA (AP)—An Arkansas official says Southern planners should attempt to repeal federal minimum wage powers that "offset the advantage" Southern states now have in seeking industries.

William P. Rock, executive director of the Arkansas Industrial Development Commission, also called for more joint planning by Southern states along the lines of the recently formed Southern Nuclear Board.

In addition, he told the Southern Association of State Planning and Development Agencies Thursday he felt it was necessary for the states to develop their own plans for economic salvation before federal programs could serve their purposes.

tween now and Christmas on his speaking tour.

One important thing that will come out of the tour is a platform so the party can enter state elections "with both fists swinging," Rockefeller said.

He said he would resign as national committeeman if the platform does not include plans for revising the state's election laws to insure a secret ballot.

Rockefeller lashed state Democrats for campaigning solely on personalities and not on issues. His objective in building up the Republican Party, he said, is to give the voters a choice between issues.

The GOP's greatest obstacle in the past in Arkansas has been the stigma attached to a Republican, he said, but in the last 10 years, this has faded.

HEALTH HINTS

By DR. CHARLES JOHNSON — "CHIROPRACTOR"

HUMAN BRAINS WIRED FOR ELECTRICITY

Not long ago several newspapers carried a story about the human brain having wires stuck into it through holes in the skull and mild shocks of electricity being applied. The shocks of electricity or electric currents so alter the human nerve currents that no-pain is felt but noticeable chemical changes take place. The number and types of blood cells change. Hormone production is altered. The studies are just beginning, according to the professor of Neurosurgery at Tulane University.

That outside interference can alter human nerve-wave patterns and thus cause chemical changes in the body fluids, making them acid or alkaline, etc., or that the blood cells and various hormone producing glands are affected by such disturbances, is no great news to those of us, who for many years, have been clearing the interferences from human nerve lines and observing the renewed life and glandular activity that results.

It is only strange and new to those who are just now observing the human nervous system from this angle.

Nerve-wave pattern interference caused many symptoms of illness in this actual case taken from our clinical files — while removal of nerve interference caused symptoms to vanish.

A 46-year-old housewife complained of severe menopausal symptoms with stabbing lowback pains, extreme nervousness, mental anxiety, and elapse of memory. She also suffered severe headaches, dizzy spells, heart palpitations, difficult breathing along with indigestion, frequent urination and constipation. She came to the Johnson Chiropractic Clinic for correction of her menopausal syndrome because a patient recommended us to her for that complaint.

Specialists treated her unsuccessfully for over a year. When twelve "shock" treatments failed to help her, she was told she would never be well again—but that an operation might help.

Our spinal analysis and spinal x-Rays indicated defective energization of the pelvic area and subluxated (misaligned) vertebrae in the neck causing nerve pressure and spinal cord interference. Under corrective adjustments, realignment was made and interference removed. The complaints rapidly disappeared as normal function was permitted to return. She was in for her periodic check-up last week. She's still enjoying good health.

While our critics go about saying it can't be done, we have already done it. Results speak for themselves.

Have your present and past treatments made you well? If not, what can you lose except bad health? Investigate. You might regain good health.

Coming Soon to Saenger

"FRANCIS OF ASSISI" STARS STUART WHITMAN, Bradford Dillman and Dolores Hart in the story of how a lusty fighting young adventurer turned into a saintly man of God.

Says Hayrides Will End Delinquency

ELMIRA, N. Y. (AP)—Farmer Albert Gaige thinks he has the answer to juvenile delinquency—free hayrides.

Gaige, who operates a 200-acre farm at nearby Millerton, Pa., has taken more than 300 youngsters on such rides in the last three years. He loads a wagon with straw and takes the youngsters through the fields to a pond, where he builds a fire to roast hot dogs or marshmallows.

"They also play games, and Gaige tells stories.

"I just love youth, and when I'm talking to young people, I just seem my arthritis aches a little bit less," he says.

Cotton Picking Queen Named

BLYTEVILLE, Ark. (AP)—Donna McGimpsey, a 16-year-old brunette from Caruthersville, Mo., was named queen of the National Cotton Picking Contest Thursday night.

The festivities wind up today with the actual cotton picking.

Miss McGimpsey, who won over 19 other contestants from east Arkansas and southeast Missouri, was American Legion Fair Queen in Caruthersville.

The field of 20 was cut to five, then to three. Then the winner was selected.

About 100 cotton pickers, most of them seasoned hands, camped for 1,000 in prizes today. Roy C. Peterson of East St. Louis, Ill., is defending champion.

A parade through Blytheville's business section was a highlight of Thursday's activity.

It would require about four months time to walk the entire Appalachian Trail.

Of every \$7 of the revenue of the U. S. Post Office Department, \$1 comes from third-class mail.

Calendar Of Events

The Four Keys singers of Camden, Ark., will appear at the Church of God in Christ, 911 Bell St., Sunday night, October 15 at 7:30. The public is invited to attend. Elder O. N. Dennis, Pastor.

PTA NEWS

The Hopewell P. T. A. held its regular meeting Thursday afternoon, Oct. 12, with the president presiding. Roll call was answered by thirty-two persons, including seven new members. Room count was made, with a prize being given to the teacher having the highest number of parents present over ten.

Plans were made to send delegates to the District Meeting and Workshop which will be held in Ashdown, Ark. on Friday, Oct. 27. Four delegates were elected.

Membership dues collected was \$10.00. Mrs. Mary Yergler and Mrs. Eva Dennis, Reporters.

Cowboy Morris

TULSA, Okla. (AP)—"Cowboy" Dale Morris, escaped Mississippi convict, went on trial on an assault charge Thursday despite his claim that he was inadequately represented by counsel.

District Court Judge Leslie Webb denied Morris' appeal for a new attorney. Morris had said that his lawyer, Jim Graham, was a good man, but that he had not had ample time to represent Morris.

Webb told Morris he could see no basis to think that Graham was not doing a good job.

Morris, 36, is on trial for assault with intent to kill for shooting at Patrolman Jack Merchant April 23 when the officer tried to question him. Morris was serving a 12-year manslaughter sentence in Mississippi when he failed to return to prison after a brief furlough trip to Fort Smith, Ark.

Five police officers testified in Morris' trial Thursday. Merchant testified that Morris pulled a pistol from his boot and began shooting when the officer sought to question Morris hand a companion Ethel Williamson. Miss Williamson was shot in the arm during the affray.

U.S. to Study Cold War Strategy

By WHITNEY SHOEMAKER

WASHINGTON (AP)—President Kennedy calls the National Security Council to the White House today to review U.S. strategy for dealing with "cold peace" issues.

The Berlin crisis obviously was up for scrutiny, and possibly the Communist threat to Southeast Asia which prompted Kennedy to order Gen. Maxwell D. Taylor to South Viet Nam for an on-the-spot survey.

Taylor, Kennedy's military adviser, leaves on Sunday. Among those making the trip with him will be Walt W. Rostow, the President's special assistant on security affairs.

Policy toward Berlin occupied Kennedy's flying time Thursday on a trip in which he divided attention between educational and military strength. During hops between Washington and North Carolina and back again, he conferred in his private compartment with high U.S. officials directly associated with formulating policy to meet the Soviet threat to the West's position in Germany.

While at Ft. Bragg to witness paratroop, weapons and guerrilla warfare demonstrations by the 82nd Airborne Division, Kennedy used the phrase "cold peace" to describe the state of the world.

Earlier, at Chapel Hill, the chief executive offered this general objective for an age in which two opposing powers have the capacity to destroy each other:

"While we do not intend to see the free world give up, we shall make every effort to prevent the world from being blown up."

Kennedy, speaking from notes, addressed a crowd of some 32,000 in the University of North Carolina's sun-warmed stadium before receiving an honorary doctor of laws degree.

Kennedy indirectly disputed arguments against his administration's policy from opposite sides of the political fence, where it has been termed too weak or too menacing.

He said it is a dangerous illusion to believe U.S. attitudes "can be encompassed in one slogan or one adjective, hard or soft or otherwise, or to believe that we shall soon meet total victory or total defeat."

Rights Group Says Negro Denied Jobs

WASHINGTON (AP)—The Civil Rights Commission said today the Negro is caught in a "vicious circle of discrimination" that robs him of opportunity or incentive for better jobs.

In a report on employment, the commission said the Negro is denied, or fails to apply for, training in jobs which have traditionally been denied him; when jobs do become available, there are consequently few, if any, qualified Negroes available to fill them; and often, because of lack of knowledge of such newly opened opportunities, even the few who are qualified fail to apply.

The commission blamed the lack of better jobs for Negroes on discrimination by employers, labor unions, state employment agencies and vocational and apprentice programs, as well as ineffective action by the federal government. The pattern, it said, was not limited to the South, but was nationwide.

"It is difficult to single out that one remedial step which will open the way to fairer opportunity," staff director Berl I. Bernhard said at a news conference.

Bernhard listed several steps unanimously recommended by the six-member commission.

The proposals include: Establishment of an administrative agency to enforce a policy of equal opportunity in all employment financed in whole or in part by federal funds. In all federally assisted training and recruitment services and in labor organizations representing employees of firms with government contracts or federal grants-in-aid.

A presidential order directing equality of treatment and opportunity in the reserve components of the armed forces, including the National Guard and Reserve training program.

Expanded federal assistance to vocational education and apprentice training, including provision for retraining unemployed workers to give them new skills.

The commission said discrimination by labor unions mainly was centered in the construction and machinists' craft groups, where the unions "generally control admission to apprenticeship training programs" and can easily prevent Negroes from becoming qualified.

Bobcats Lose To Fairview 13-12

By VINCE FOSTER

The Fairview Cardinals came from behind last night to edge out the Hope Bobcats 13-12 in a 44A upset there. A wet field, Cardinal standout Stanley Watson and a 32 yard pass interception proved to be the crushing blows over the spiritless Bobcats.

Fairview received the opening kickoff but couldn't move and attempted to kick out. The pass from center was low, however, and the Cats dropped the punter on his own 16. Plays later end Billy Compton grabbed a deflected pass out of the air and scored on this 12 yard pass play. The extra point failed and Hope had a short-lived lead of 6-0.

After an exchange of punts, the Bobcats controlled the ball on their own 40, but Fairview HB Guy Teal moved in and intercepted a Bobcat aerial there. In 12 plays the hosts moved to the Hope 5, with Watson carrying the final yardage. Burton kicked the PAT, which put Fairview out front 7-6.

After the kickoff, the Cats moved to their own 30, but here Cardinal end Keith Dunlap pulled in a Bobcat pass and raced 32 yards for the score. The conversion failed, but the Cardinals were out in front 13-6.

The Hope and Fairview bands performed in the rain during the halftime intermission.

Hope punted to the Fairview QB after the kickoff, and here QB Bush faded back to pass. He was rushed hard by the Bobcat forward wall and the ball knocked loose from his hand. But it was ruled an incomplete pass, and the Cats missed out on an important break.

Late in the third quarter the Cardinals were forced to punt from their 35, but this punt was blocked and Hope center Dan Jones picked it up and fought his way to the 12. Murphy passed 11 yards to Marcum and thus placed the ball on the one. Here HB John Crain plunged over for the final score of the game. The all-important conversion was wide, and Fairview took their first victory of the season 13-12.

With very little blocking, the Bobcats couldn't get their offense into gear, and the final quarter was dominated by the victors.

David Porterfield, Bobcat speedster, who has been averaging 130 yards per game, was held to only

Embezzled \$88,000, Spent on Women

DETROIT (AP)—"I spent it all on women, booze and travel," said a man accused of embezzling \$88,000 from General Motors Corp.

Charles E. Boltz, 38, was quoted by Assistant Prosecutor Benjamin F. Cornelius as admitting the fraud.

Boltz was hired by GM in August, 1953, as a clerk at the Ternstedt division. Last June he was fired for carelessness. Auditors later discovered the division was listed as buying—at a dollar a pound—large lots of "pure Swedish casting sand for experimental purposes."

No one at GM had ever heard of pure Swedish casting sand.

Ship Waiters Quit Their Jobs

SOUTHAMPTON, England (AP)—Nine headwaiters on the liner Queen Elizabeth quit their jobs Thursday because they couldn't stand the lower classes.

The nine all were classified as headwaiters in the liner's first class restaurant. They balked when told that under a rotation system one of their number would have to work the restaurant in 3rd class and another in tourist class on each voyage.

David Oliphant kicked the first field goal of his high school career Friday night and it made the difference in Fayetteville's 3-0 decision over Springfield, Mo. Central.

The Region 1AA Bulldogs got a 37-yard boot from Oliphant with only 17 seconds left in the first half. The 165-pound extra point specialist and left guard had never tried one from that distance.

Rogers came from behind in the second half to beat Subiaco 14-6 in the only 1AA conference game.

Herman Wilkinson passed 20 yards to Bob Smith for one Harrison touchdown and Rick Gillian ran one yard for the other.

Van Buren, the only unbeaten team left in 1AA, whipped Tahlequah, Okla., 13-0 as Jack Brasuell ran 56 and 42 yards for touchdowns. Brasuell intercepted two passes to kill Tahlequah drives deep in Van Buren territory. He now has scored 54 of Van Buren's 64 points.

Springdale beat Siloam Springs 21-7 as halfback David Finch rolled up 91 yards rushing on 18 plays and hit 6 of 14 passes for 74 yards—a total of 165 of personal offense. Finch passed nine yards for one touchdown and ran one yard for another.

Helena's Indians, the team rated most likely to upset Region 2AA titan Jonesboro, took a 16-7 whipping from Class A De Witt Friday night.

The game was played in a driving rainstorm, and it was Helena's second loss in non-conference play. Helena, like unbeaten Jonesboro, is 3-0 in league competition. Jonesboro was idle Friday night.

De Witt's Lester Fisher recovered a fumble in Helena's end zone for one touchdown and Steve Rousseau ran two yards for the other De Witt score.

West Memphis upset Wynne 7-0 on Bill Flanagan's 12-yard pass to halfback Jerry Neal. A fourth down pass from Dwight Evans to Jimmy Whitehunting, good for 18 yards, sparked the 42-yard drive that began with a fumble.

Fullback Jim Lindsey ran 4 and 7 yards for touchdowns in leading Forrest City past Newport 19-6 in a 2AA game. Forrest City scored twice in the fourth quarter, once on Binky Wall's 4-yard run and on Lindsey's 7-yard charge.

Benton went about the business of cutting down on Region 6AA's unbeaten teams Friday night in orderly fashion with a 27-0 victory over Russellville. Jacksonville beat Little Rock Catholic by the same score and remained the only unbeaten besides Benton.

The Panthers are ranked third in the state in the Associated Press poll, and first among Class AA teams.

It was Benton's sixth straight victory. Halfback Bobby Nix gained 130 yards, scored once on a 14-yard run, and kicked three extra points. Quarterback Tim Wright ran for one touchdown and passed for another.

Quarterback Bernie Cox, breathing out of an oxygen mask during time-outs, engineered Jacksonville's victory over Catholic High. He passed for one touchdown and ran for another. Catholic scored its first touchdown of the season on a 10-yard run by Woody Butler.

Morrilton beat Atkins 13-0 as quarterback Bill Tiner ran 3 and 84 yards for touchdowns. Mabelvale edged Fuller, 13-12. Fullback Wayne Berry scored twice.

Fullback George McCarty crashed five yards for a first quarter touchdown and Eddie Black kicked the point in Camden's 7-6 Region 4AA victory over Crossett Friday night.

It was Camden's sixth straight victory and third straight in the league play. Crossett scored in the fourth quarter on Don Little's 35-yard pass play to Allen Etheridge.

Smackover, the other unbeaten in 4AA play, beat Class A Arkadelphia 32-13. Smackover is 4-1-1 in season play.

Camden Fairview won its first game of the season, scoring twice in the second quarter to beat Hope 13-12. Keith Dunlap intercepted a Hope pass and ran 19 yards for a touchdown and Tony Burton kicked the vital point.

Malvern slashed Conway 16-0 in a non-conference game. Mack Glover returned a punt 73 yards for a Malvern score. Magnolia lost 18-6 to Haynesville, La. The Panthers haven't won in 13 games.

Indictments Against GM Groups

LOS ANGELES (AP)—A federal grand jury has returned antitrust indictments against General Motors Corp., four Chevrolet sales executives and three Southern California dealer associations.

The jury charged the defendants with conspiring to stop individual dealers in Southern California from selling through discount houses.

GM Board Chairman Frederick Donner denied the accusation. He said GM frowned on the discount dealers' lack of service facilities and other customer conveniences—but did nothing to discourage the discounts.

The indictment, prepared by the Justice Department's antitrust division, said "shoppers" were hired by the defendants to determine which dealers were selling cars through discount houses.

The shoppers would buy cars and the defendants would "induce or persuade" dealers to buy the cars back.

Retail sales of Chevrolets, through all sources, totaled \$250 million last year in Southern California, the jury said. It said discount house car sales in this area have grown from a trickle in 1955 to a retail total of about \$5 million.

The indictment also said the rapid increase in discount house sales threatened to lower retail prices of Chevrolets in Southern California and the alleged conspiracy to end discount selling deprived Chevrolet buyers of a competitive market.

SOUND FOOTING

If you want a Firm Foundation,—
Sound Footing for a lifelong walk...
here it is. The Foundation this man
stands on can serve as compass to
guide you;—a blueprint for better
living. It is filled with *do's* and *don'ts*
that groom one for Heavenly company.

The Psalmist prayed, "Establish my
footsteps in Thy word, and let
not any iniquity have dominion over
me." This man's foundation points the
way to Go. Actually, it is the Book
of Life...is your name written there?

It offers peace of mind and
comfort of soul to those who take it
seriously. Attend church regularly
and read of the things it offers
one to hold to when one is no
longer able to hold the Book...
it offers Sound Footing.
